All--

I just put a meeting on everyone's calendars to coordinate our joint NOAA/EPA rollout of the Oregon CZARA (Coastal Nonpoint Program) upcoming decision on Jan. 30th. I believe many of you have seen the draft rollout plan but wanted to make sure you had the most recent version. Please note that some of the key messages and Q&A are still being adjusted to align with the final decision on how penalties would be applied, etc. Program staff will be sure to share an updated version when ready.

Allison
